<u>**Terms and Conditions**</u>

1. **MathSciNet**.

    MathSciNet is the online version of the AMS publications *Mathematical Reviews*, from 1940 to present, and *Current Mathematical Publications*. The AMS reserves the right to add or delete MathSciNet content at any time by notifying the Subscriber immediately.

2. **Scope of License. Use Restrictions**.

    The license includes authorization of access by means of the subscribing institution's IP addresses to allow site-wide online access by authorized users via multiple connections. If a proxy server is being registered for access, the subscribing institution agrees to maintain the security of the access by authenticating authorized users before allowing use of the proxy to any remote or on-site user. "Authorized users" are employees, faculty, staff, or students officially affiliated with the subscribing institution, and authorized on-site patrons of the subscribing institution's library facilities. This license entitles the authorized users to access MathSciNet by multiple connections, to:

    a. make searches of MathSciNet;

    b. make one or more copies in hard copy form of the output of any search; such copies may not be sold and may not be distributed to anyone who is not an authorized user; and

    c. download search results to hard disk or diskette, provided that such data is not made available to anyone who is not an authorized user.

    Authorized users who do download and/or print search results must maintain all copyright and other notices.

    Downloading of substantial portions of the database is prohibited. Automated searching or downloading by use of scripted searches, robots, spiders, crawlers, or otherwise is also prohibited. However, all users may make use of free tools provided by the AMS for batch retrieval of information from the database provided such use is in compliance with copyright statements and terms of use posted from time to time on MathSciNet.

    Copies of individual reviews from *Mathematical Reviews* may be made and delivered in the context of inter-library loan in compliance with Section 108 of the Copyright Act of the U.S. and within the CONTU guidelines.

    An authorized user or the subscribing institution may not make MathSciNet available to anyone other than another authorized user, whether by telephone link or by permitting access through his or her terminal or computer, or by other similar or dissimilar means or arrangements.

    The subscribing institution will make reasonable efforts to maintain security and monitor all use (including unauthorized use) from its respective site and to communicate the terms of the license to their users.

    Authorized users will be bound by the limitations stated in any copyright statement or terms of use posted from time to time on MathSciNet, except to the extent (if any) that such provisions may be inconsistent with the express terms of this license.

    Requests for waivers of any of the restrictions stated or referred to above may be considered on a case-by-case basis and should be addressed to the Executive Editor of Mathematical Reviews, mrexec@ams.org.

3. **Access**.

   MathSciNet access is granted site-wide only to those IP addresses specifically listed in this agreement (numeric IP domain addresses). Subscribing institutions may request access for any number of IP addresses; however, usage must be restricted to a single site.

4. **Term and Fees**.

   This Agreement will last through the end of the 2026.
      No later than by 10 December 2025 MathSciNet shall issue to the Licensee the first invoice in the amount indicated in Item 2, Schedule 1 (OFFER FOR THE SERVICES OF SUBSCRIPTION) as payable for the year 2026. If MathSciNet fails to issue the invoice to Licensee at a fixed date, it shall be considered that MathSciNet has refused to provide the service and therefore he shall lose his right to receive the payment and the Agreement shall be considered as terminated. In such case MathSciNet shall lose his right to the reimbursement of any losses.

5. **Support**.

   MathSciNet includes online documentation. In addition, the AMS will provide the subscribing institution (and individuals at those sites) with e-mail and/or telephone support service during AMS's normal business hours (Monday-Friday, 9:00am to 4:00 pm, ET). The email address for support questions is msn-support@ams.org; the telephone number for support is 800-321-4267.

6. **Copyright**.

   MathSciNet and its contents are subject to copyright, database protection, and other rights of the publisher (AMS), under the laws of the United States and the country of use.

   The subscribing institution acknowledges that they have no claim to ownership by reason of use of or access to MathSciNet.

7. **Suspension or termination of access**.

   The AMS reserves the right to suspend and/or terminate access to MathSciNet without prior notice if the subscribing institution or its authorized users violate any term of this Agreement. Any use of the MathSciNet database beyond the scope of the License or any fraudulent, abusive, or otherwise illegal activities may be grounds for termination of access.

8. **Warranties, etc**.

   a. The AMS has made and will make good faith efforts to ensure that MathSciNet is complete and accurate. However, the AMS does not warrant completeness or accuracy, and does not warrant that the subscribing institution's use of MathSciNet will be uninterrupted or error- free, or that the results obtained will be useful or will satisfy the user's requirements.

   b. The AMS warrants that it is entitled to grant the licenses outlined in this Agreement, but makes no other warranties or representations of any kind, expressed or implied, including but not limited to warranties of merchantability or fitness for a particular purpose.

   c. The subscribing institution will be permitted to access MathSciNet at any time. The AMS will not be liable for any delay, down time, or other failure of performance, but will use reasonable efforts to correct any performance problem brought to its attention.

   d. The AMS will not be responsible for incidental, consequential, or any other damages arising out of or in connection with the service or materials provided hereunder.

   e. The subscribing institution assumes the sole responsibility for all use of MathSciNet by their authorized users.

9. **General**.

   a. This Agreement constitutes the entire agreement of the parties and supersedes any prior communication between the parties with respect to the subject matter hereof. Only a written instrument signed by both parties may amend it. Without limitation of the foregoing, any purchase order or other instrument that the subscribing institution may issue for MathSciNet is for the subscribing institution's internal purposes only and will in no way modify, add to or subtract from the terms and conditions provided herein.

   b. The subscribing institution may not assign, transfer, or sublicense any rights under this Agreement.

   c. In case of contradiction between the Agreement and Schedules, Schedule 1 (The Tender) shall prevail.

   d. Licensee will publish the tender, the concluded Agreement and changes to it, except for the information that MathSciNet indicated in the tender as confidential and personal information, in the Central Public Procurement Information System (CVP IS) https://cvpp.eviesiejipirkimai.lt/.

TECHNICAL SPECIFICATION

FOR THE SERVICES OF SUBSCRIPTION TO THE ONLINE RESEARCH DATABASE
MATHSCINET

I. Background information

1. The Lithuanian Research Library Consortium (hereinafter referred to as the LMBA or the Contracting Authority) wishes to procure the access to the Licensed Materials of the research database *MathSciNet* for the Authorised Users of the LMBA Authorised Institution listed in *Part III. Authorised Institutions* herein.

2. During the validity period of the Licence Agreement, a contact person of the Contracting Authority on the issues of the Technical Specification, availability of the access and the databases administration shall be   , Manager of Databases:
   E-mail: @lmba.lt; phone: +370 615 87104
   Lithuanian Research Library Consortium
   Saulėtekio av. 14
   LT-10223 Vilnius
   Lithuania

3. A contact person of the Supplier on the issues related to the availability of the access shall be indicated in the Supplier's Tender. The information about the contact person appointed by the Supplier shall be copied to the Licence Agreement. The contact information of other persons responsible for technical solutions, statistical data and administration can be sent at the e-mail address indicated herein above. If the data of the Supplier's contact person are changed, the Supplier shall provide in writing the updated information during the reasonable time period after the change of the data.

II. Requirements for the scope of the services

4. The Authorised Users of the LMBA Authorised Institution as member of the American Mathematical Society internal consortium shall have access to the Licensed Materials of the online research database *MathSciNet*, which includes:
   4.1. Reviews of mathematical literature;
   4.2. Not less than 3.99 million items, including bibliographic data from retrodigitized articles that dates back to the early 1800s;
   4.3. Not less than 2.67 million direct links to original articles from not less than 1,800 journals.

5. The Authorised Users of the LMBA Authorised Institution indicated in Part III herein, shall have the online access to the Licensed Materials of the online research database *MathSciNet*, from the 1 January 2024 till 31 December 2024, 24 hours per day, 7 days per week, including weekends and days-off, except short periods of technical maintenance and repairs service or other unexpected downtime about which, when they are known, the Publisher shall in advance inform the Authorized Users. If an interruption of the access and use of the Licensed Material lasts for more than 5 consecutive days (after the LMBA has notified the Supplier about the lost access), the Supplier shall pay the LMBA a fine equalling to 0.02 percent of the Fee for each delayed day starting with the sixth delayed day after the notification to the Supplier. No fine will be paid for the accumulating periods of non-continuous interruptions or any interruption caused by any negligence or wilful misconduct by the LMBA or any Authorised Institution or Authorised User.

6. Upon coming into effect of the Licence Agreement, a Uniform Resource Locator (URL),

as well as all other information deemed necessary for the availability of the access to this research database *MathSciNet* shall be sent to the Manager of Databases by the e-mail indicated in Item 2 herein.

7. The Supplier shall make available to the Authorized Institution COUNTER-compliant usage statistics on at least a quarterly basis.

III. Authorised Institution

8. The online access, including the remote access by the Authorised Users, to the Licensed Materials of the online research database *MathSciNet* shall be given to the unlimited number of the concurrent Authorised Users via the servers of the Virtual Library of Lithuania (http://www.lvb.lt/) through reputable discoverability service partners indexing portals (such as Primo, https://knowledge.exlibrisgroup.com/primo), and the IP addresses of 1 (one) Authorised Institution – member of the LMBA set forth in the below Table:
