Letter of Authorization

To whom it may concern:

ELITechGroup Inc., manufacturer of biomedical laboratory instruments, accessories, consumables, supplies, and spare parts, having headquarters and factory at: **370 W 1700 S, Logan, Utah 84321, United States of America** and being a company of ELITech Group, do hereby confirm and authorize **UAB "Interautomatika"** with its principal place of business at **Pilaitės pr. 16, LT-04352 Vilnius, Lithuania**, as non-exclusive distributor to import, negotiate, quote, sell, distribute, and register with any government agencies the below mentioned Products in Latvia, Lithuania, and Estonia.

<u>Product Name</u>	<u>Description</u>
Aeroprax®	Family of slide strainers for hematology and microbiology including Hematology Stat Model 7122, Hematology Pro Model 7152, Gram Model 7322, and TB Model 7722 and its consumables
Cytopro®	Cytocentrifuge including CytoPro Model 7622 and its consumables

The supplies and consumables for all these instruments are included.

Company hereby accepts (i) to market and promote Products in Territory as per the provisions set out hereunder and (ii) to be subject to General Conditions of Sales of ELITech Distribution.

Company is not entitled to assign nor transfer, totally or partially, its respective rights and obligations arising out of this Letter of Authorization, and particularly, it is not entitled to market Products through the intermediary of a sub-distributor and/or an affiliate without the prior written consent of ELITech Distribution.

This Letter of Authorization is governed by and construed in accordance with US law and aligns with the QA/RA Agreement signed by ELITech Distribution and the above mentioned company on 13 August 2021. The authorization is valid till 31 December 2023 unless cancelled by issuer with a written notice.

A handwritten signature in blue ink, appearing to read 'Bryce McEuen', is written over a faint circular stamp.

Bryce McEuen
Managing Director and Business Unit Manager, Biomedical Systems
Vice President, Biomedical Systems
