Global Anti Goal SNR 1.2m Model

Official Polo Field and Goals of
USA Water Polo 2020-2024

The 'Global Anti Goal' is a Premium, heavy duty, folding polo goal; compact, high quality & durable design, produced with the finest available components. Made in Australia to the highest specifications for ultimate durability!

Each component and fitting has been carefully selected and tested for maximum durability and longevity, even under the most severe player and environmental conditions.

Product Specifications:

- Fabricated from custom marine grade powder coated Aluminium with HD Marine Nylon & SS316 fittings.
- Easily foldable for compact and safe poolside storage.
- Includes Long-Life HD polypropylene cord net. Best in Class.
- Soft Durable Pool Edge bumpers on rear of frame prevent damage to expensive pool edge and tiles.
- Durable oversized HD PE Flotation elements ensure stability during use, foam elements rest on the pool concourse, preventing damage to pool edge and tiles.
- Open corner net configuration reduces ball rebound.
- HD Rear Bows allow quick disconnect of lower rear frame to goal top frame for compact folding and low profile storage.
- Durable, light weight, heavy duty design and construction allowing safe and easy 1 or 2 person pool deck movement.
- Full sized Mens World Aquatics compliant Front Frame Dimensions 3m x 0.9m. Depth is 1.2m.
- SS316 Eye loops (750mm width) each side of goal for lane line attachment.
- Total weight is 24kg. Compact light weight Shipping dimensions for efficient Freight options.
- Comprehensive list of spare parts available. Made in Australia All parts designed and produced in Australia.

AWE392 SNR Global Anti Goal, ultimate durability and function

Testimonial:

Mrs Nicola Johnson,
Brisbane, Australia, May 10 2021
FINA Water Polo Referee
(2021 Tokyo Olympics)

What the experts say:

"The new Anti goal is the best goal I have seen in over 30 years of water polo, it is light weight - one person can handle the goal, it is very durable and I love the training rod along the back of the goal that allows for balls to be stored in the back of the net during training sessions, this is such a great inclusion, go easy for the GK to reach for a ball when needed. The goals are also easy to store as they fold into a very compact area.
Regards, Nicola Johnson, Brisbane, Australia, 2021
