Re: Secondary and Tertiary Packaging

Based on our review of the product and materials specification for the following products we can confirm our secondary and tertiary packaging meets the requirements for recyclability under the Law of the Republic of Lithuania on Taxes for Environmental Pollution.

Refer to the table below for the products in scope.

Ethicon Code	Product Name	Brand	Description	Product packaging must be considered recyclable packaging according to the provisions of the Law of the Republic of Lithuania on environmental pollution tax. Documents proving compliance with the requirements are submitted: written confirmation from the manufacturer and/or supplier of the goods that the packaging of the goods is recyclable or a declaration or other equivalent evidence.
HAR23	HARMONIC ACE+7 Shears	HARMONIC	ACE+7 Shears with 23cm shaft	Secondary packaging is recyclable
