## Confirmation letter

SYNLAB Eesti OU's valid laboratory medicine license (with translation) is attached to this message and it has no additional annexes. The license states that SYNLAB Eesti OU has the right to provide any medical laboratory testing services at the specified addresses, including:

- 100. Varicella zoster DNA;
- 120. Ig M class antibodies against *Treponema pallidum*;
- 121. Ig G class antibodies against *Treponema pallidum*;
- 137. Protein C;
- 138. Protein S.

The supplier SYNLAB Eesti OU confirms that has the necessary license to provide listed tests.

According to the Health Services Organisation Act <https://www.riigiteataja.ee/en/eli/ee/Riigikogu/act/510042023001/consolide> an activity licence is required for operation in the provision of specialised medical care incl laboratory medicine. The laboratory studies in the license do not have to be detailed.
