### Guide to Using Spa Products from Warwick SASCo

#### Usage

- For use with nursing ill patients - ideal for managing the after effects of anaesthesia.
- Empty after each use.

#### Cleaning

- Product should be washed before first use. Wash in hot water with detergents and disinfectants and allow to dry naturally.
- Wash immediately after in hot water with detergents and disinfectants.
- Spa Products are designed for repeated use - guaranteed for 1000 washes.
- Scouring and abrasive cleaners will reduce the performance of products.

#### Storage

- This product has a shelf life of 36 months from date of manufacture providing the recommended storage conditions are adhered to.
- Product should be stored in its primary packaging, off the floor on a pallet or shelf, and in a clean dry ventilated room at a temperature of 4 °C - 25 °C.
