# STATIONARY DONOR LOUNGES

## MD 4000

### Multi-feature Donor Lounge

The MD 4000 was designed to adjust to treat donor reactions quickly and efficiently while being extremely comfortable. No electric power needed; the pump does the work to raise and lower this lounge. Easily tilt forward for entry and then recline back for donor reactions. The cushions are the thickest foam that we offer. The thick padded armrest adjusts to any position to accommodate different body sizes. Built of the finest materials for durability. Many color options are available to match your décor.

Accessory items include:

**MD 4002 Scale Mount, MD 4004 DVD Holder  
Plus many more...**

## MD 3500P

### Donor Lounge with Pump

This lounge is attractive, extremely comfortable, and easy to clean. A barber style pump raises and lowers this lounge accommodating for both donor and staff and can be easily tilted forward for easy entry and then reclined back for blood draws. The MD 3500P comes with an adjustable head rest and heavily foamed armrests for optimum comfort. The arm rests adjust up, down and swing out for easy entry and exit. This lounge offers easy cushion removal and replacement for easy cleaning. Many color options are available to match your décor.

Accessory items include:

**MD 3502 Scale Mount, MD 3504 DVD Holder  
Plus many more...**

# MOBILE DONOR LOUNGES

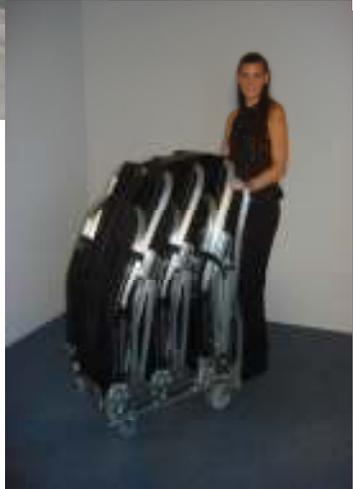

## MD 2500HD Heavy Duty Mobile Donor Lounge MD 2500 Mobile Lounge

Both the MD HD2500 Heavy Duty Mobile Donor Lounge and the MD 2500 Mobile Donor Lounge are great for blood banks on the go!! They can be folded and placed in cars, trucks, or vans. These portable, easy to set up lounges are comfortable and easy to clean. The lounges offer the donor 4 positions; from a sitting position to zero gravity with a simple push of your hand. Both the MD HD2500 and the MD 2500 armrests swing out of the way for easy donor entry and exit and can also adjust up and down. Both lounges come with a headrest, seat pad and foot rest (MD HD2500 only) for additional comfort.

The MD HD2500 standard color is black and is made wider for donor comfort (up to 500lbs)

The MD 2500 standard color is navy blue and accommodates donors up to 350lbs.

These lounges can be ordered individually or in sets of three with a convenient carrying cart. The carts can be ordered to fit any combination of mobile lounges. The carts are easy to maneuver and have locking casters for stability.

# PARTITIONS

## MD 3000 Full Size Partitions

## Two, Three or Four panels With or without windows Carrying pouch included

## MD 300 Table Top Partition

The MD 3000 and MD 300 Series Partitions are lightweight and durable. Made from an industrial strength polyester fabric with a UV resistant PVC coating that is anti-bacterial and flame retardant.

Designed for quick set-up we utilized stainless steel rods that snap into place and 'O' rings to configure the panels together. Sets of 2, 3, or 4 panels are available. Order and attach more panels to your set at any time. The panels come in a convenient carrying bag for easy transport and protection. Our privacy screens are one of the lightest weight screens on the market.

The MD 3000 series are Full Size Partitions while the MD 300 Series are Table Top height. They are available with or without windows and we have the capability to put your logo on them.
