Subject: RE: ALL DOCUMENTS WHICH WE NEEDED FOR PRODUCTS VERY URGENTLY
Attachments: ML-023 iWASH MSDS Exemption.pdf

Dear Danute,

There are no product inserts for any of the test cards (112-01000, 112-02000, 112-05000, 112-10000, or 112-20000).

Each test card has a different quantity of tests loaded on it. For example, the test card that has 5,000 tests loaded on it is part number 112-05000.

*Please refer to page 26 of the operators manual for instructions for use.

The iWASH also does not need an MSDS, please see attached exemption document.

112-12-001- The iWASH is an ultra-pure water used on the iSED ESR analyzer

*Please refer to page 29 of the operators manual, sections 15.4 and 15.5 for instructions for use.

Best regards,
Alana

Dear Alana,

Thank you very much for your answer. :). Now I understand everything, so maybe you can send now the:
Description for product, instruction for use ir products inserts for 11205000 Test cards and 11212001 iWash.

Thank you a lot,
Regards,
Danutė Kavolienė

Dear Danute,

My apologies, I may not have been clear in my last email.
