

### **5.13. Arena Access**

The arena will be available to the IFPC for set-up and other preparation no later than 24 hours prior to each game that will be broadcast. Within that period, the IFPC will stay out of the seating area for a period of up to two hours to allow the teams to practice without their personnel in the arena, so long as the time requested for said practice is reasonable for purposes of set-up and preparation for the broadcast. Typically, the teams will practice in the arena on the day prior to the game, for a period of two hours each, beginning at either 17:00 or 18:00 CET and finishing at approximately 22:00 CET, and on the day of the game, for a period of one hour each, in the morning, between 10:00 and 13:00 CET. Any disputes regarding this provision will be settled by the Company, whose decision will be binding. The IFPC will be allowed to start with all the necessary set-up beginning from 13:00 CET.

Should a team wish to have a closed practice or walk-through before a game, it must be completed at least five hours prior to the tip-off time so that the IFPC and all other media will have the necessary time to set-up for that particular game. If the playing court is available, open practices may continue in the five hours prior to the game. All clubs must comply with the request from the IFPC and the visiting team rights holders, when applicable, to gain access to their commentary positions no later than two hours prior to each game.

Under no circumstances will other games, practices or activities take place on the same playing court the day of the game.

### **5.14. Security for IFPCs**

The club is responsible for providing adequate security protection for all TV camera crews, radio and TV commentators and their equipment, and for ensuring that no person is allowed to interfere with the actions of any of the TV camera crews or commentators covering the game. This applies to pre-game activities, the game itself and post-game activities, not only in the area where the commentators work, but also in any interview areas. If an IFPC reasonably requests additional security for a broadcast, the home club will be responsible for accommodating said request.

### **5.15. Venue Access Fees**

Access to each game venue, for the IFPC and any rights holder with personalisation facilities, beginning 24 hours prior to each game, will be provided free of charge. There will be no fee or facility charge, whatsoever, for the provision of access for the IFPC as required herein, including any fee for the home club, the home club's arena, the owner or operator of the arena or any other party (if there are any such fees, they must be paid solely by the home club). Moreover, with the exception of the Finals there will be no fee for power, back-up power, arena lighting, water, use of pre-wired cables or other provisions necessary to ensure a high-quality TV production as provided herein.
