US This Instructions for Use is NOT intended for United State users. Please discard.
The Instructions for Use for United States users can be obtained by visiting our website at www.aesculapusa.com and clicking the "Products" menu. If you wish to obtain a paper copy of the Instructions for Use, you may request one by contacting your local Aesculap representative or Aesculap's customer service at 1-800-282-9000. A paper copy will be provided to you upon request at no additional cost.

PRESSURE-FLOW CHARACTERISTICS

The following diagrams show the pressure-flow characteristics for the available pressure settings of the GAV 2.0 (Fig. 7). The total opening pressure refers to a reference flow of 5 ml/h. For flow rates of 20 ml/h, stated pressures are approx. 1-2 cmH₂O higher.
