Medical examination and development table SBN-S01

Table SBN-S01 is designed for baby care in clinics and doctors' offices. The table is made of powder-coated steel tubes and a cupboard under the lying surface **(3.1)**. The table has four stable, adjustable legs **(3.2)**. The table top is made of chipboard with padding. Protected on three sides by 10 cm high side curbs. The curbs are padded with artificial leather resistant to disinfectants **(3.3)**. Under the development table, a two-door cabinet with an internal shelf **(3.4)** is made of laminated chipboard.
