

# HISTOACRYL® LAPFIX PACK TECHNICAL FILE

1

## DESCRIPTION

Histoacryl® LapFix is a procedure pack designed to provide the needed for the laparoscopic fixation of surgical meshes in hernia surgeries when the meshes are not in contact with internal organs.

Histoacryl® LapFix is compounded of the following one single use sterile products:

- Histoacryl® LapFix Cannula (B. Braun Surgical, S.A.)
- Histoacryl® 0.5 mL (B. Braun Surgical, S.A.)
- Injekt® 2 mL Luer Lock Solo Syringe (B. Braun Melsungen AG)

Histoacryl® LapFix – Cannula is a single-use medical device. The cannula is designed for exclusive use with Histoacryl® and Injekt® 2mL Luer Lock Solo for the laparoscopic fixation of surgical meshes in hernia surgeries when the meshes are not in contact with internal organs. The cannula is supplied sterile packaged with easy peel opening.

Histoacryl® is a tissue adhesive produced from n-butyl-2-cyanoacrylate which can be used for mesh fixation during hernia procedures. The adhesive is presented in flexible plastic ampoules of 0.5 mL. For easy assessment of the thickness of the layer which has been applied Histoacryl® is coloured blue with the dye D&C violet No. 2.

2

## INDICATIONS

Histoacryl® LapFix is indicated to deliver Histoacryl® for the laparoscopic fixation of surgical meshes in hernia surgeries when the meshes are not in contact with internal organs.

3

## MATERIAL SPECIFICATION

	Components Histoacryl® LapFix		
	Histoacryl®	Histoacryl® LapFix Cannula	Injekt® 2 mL Luer Lock Solo Syringe
Material	n-butyl-2-cyanoacrylate	Stainless steel 1.4301, Polyurethane, Polyethylene, Acrylonitrile Butadiene Styrene	Polypropylene / Polyethylene
Colour	Blue	Metallic cannula, transparent tip and cover tube.	Green plunger, transparent barrel
Sterilization	Aseptic technique	ethylene oxide gas	ethylene oxide gas
	The procedure pack is not sterilized.		

## 4

## STORAGE / SHELF LIFE

Storage: Storable at temperatures below 22°C

Shelf-Life: 2 years

Packaging:

- Foil packaging (Histoacryl®).
- Tyvek Peel Pouch (Histoacryl® LapFix – Cannula)
- Medical grade paper and plastic Film (Injeckt® 2 mL Luer Lock Solo Syringe).

## 5

## CERTIFICATIONS

All products included in this pack are CE marked products.

Histoacryl® is a class III product (fixation of hernia meshes).

Histoacryl® LapFix – Cannula is a class IIa product.

Injeckt® 2 mL Luer Lock Solo Syringe is a class I sm product
