Summer Fancy Food Show

Lithuanian Pavilion / Litfood

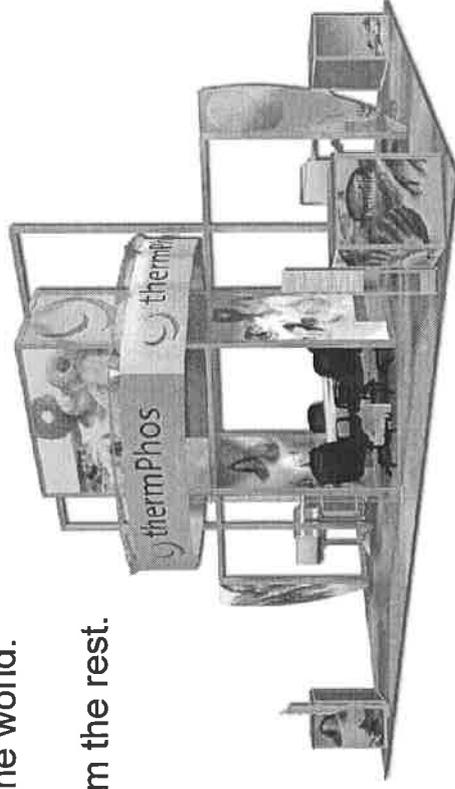

New York City, 2016

Turbo Noodle Takes Your Exhibit to The Next Level!

- **We use only the best quality materials.**
- **From start to finish, our team will be on site to ensure that your company has the most productive experience in one of the most competitive markets in the world.**
- **Our attention to detail will set your company apart from the rest.**

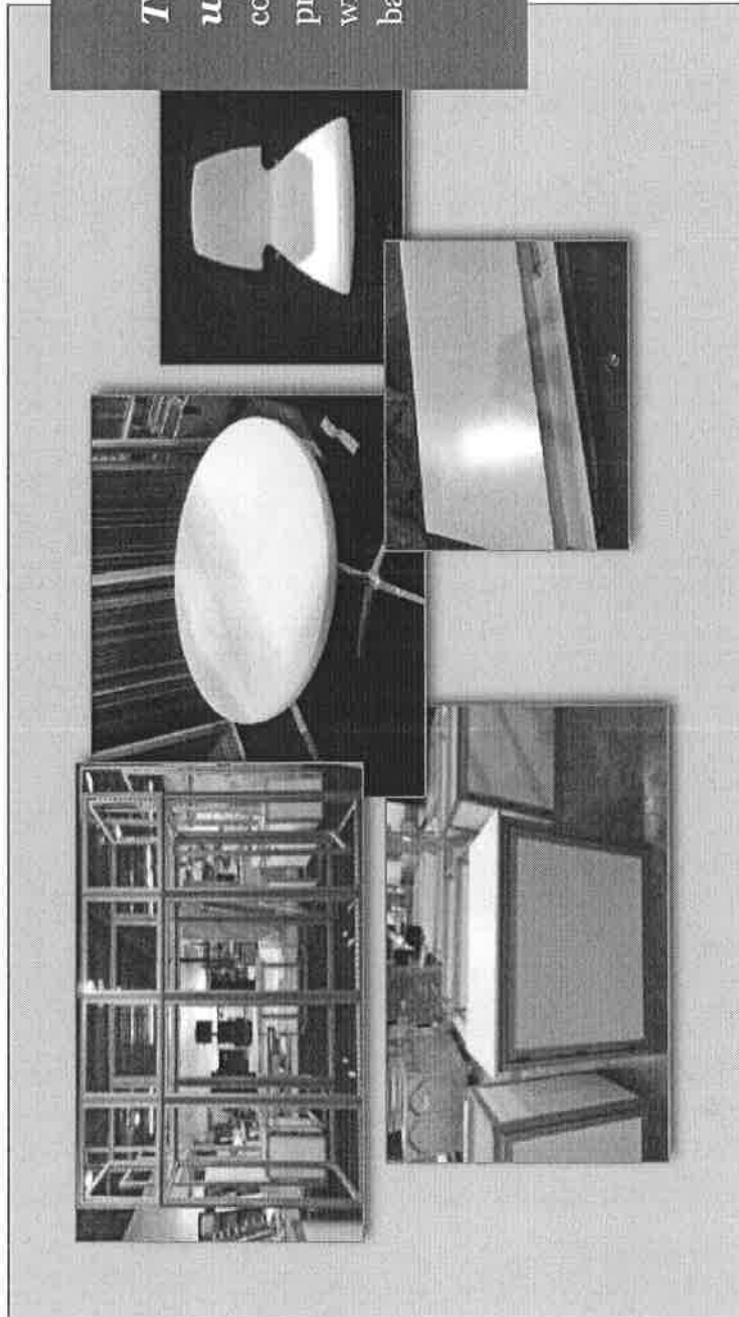

What comes with your exhibit?

This is our outline for Lifford Agency in preparation for the Summer Fancy Food Show in New York City. In consideration for the opportunity to support your tradeshow event, we have outlined for you our capabilities and services which will be provided along with your exhibit. Upon reviewing our prepared package, please feel free to contact us to discuss any ways we might be able to be of service for this event and any other future marketing initiatives.

- Our Turbo Noodle team will provide all exhibit materials for your event.
- We will provide a dedicated Senior Account Executive to help guide you and your team through all of your product options, design, and production timeline, as well as any other exhibit needs.
- Our Executive Creative Director has overseen a full rendering and detailed cad overview of your exhibit.
- A Project manager has already been assigned to your project to assist in all aspects of the timeline and production throughout the entire process.
- Graphic artists will finalize all graphic print production for your approval.
- We will provide a full turn key installation and dismantle of the exhibit, including an installation and dismantle team as well as an on site field operations manager during both the install and dismantle phase.
- We also can provide full creative production support; audio, video, social media, talent and live presentations, depending on your exhibition needs.
- We will provide pre and post show marketing and staff training support, including a detailed ROI post show assessment, which you can also share with your clients.

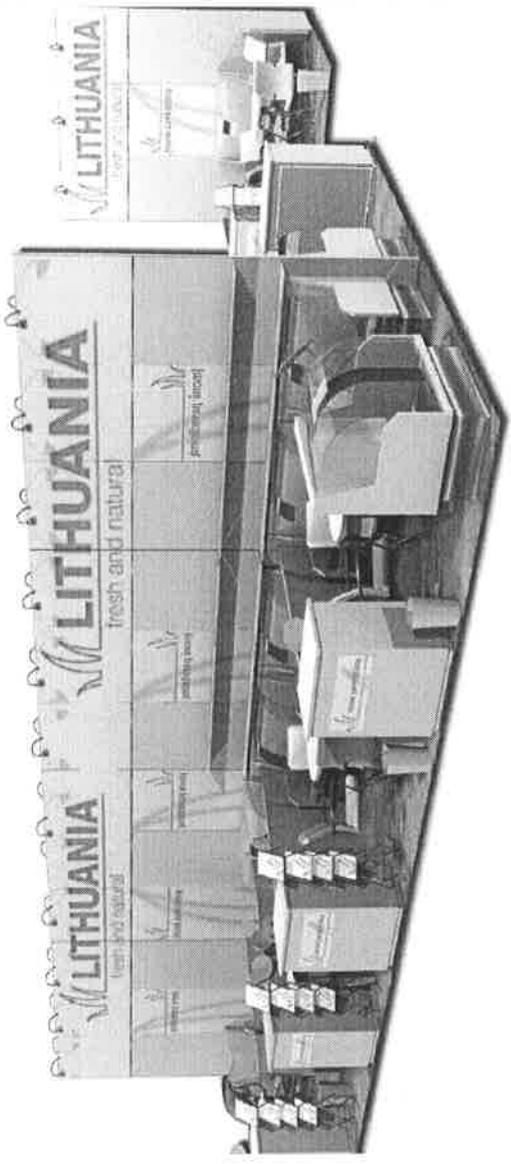

Our Booth will use some of the best exhibit materials the industry has to offer.
Our walls are made of durable PVC Sintra framed with lightweight aluminium construction.

The contemporary style white furniture will create a comfortable space for your clients to present their respective products & will blend perfectly with the white background of the overall exhibit.

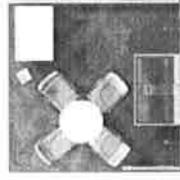

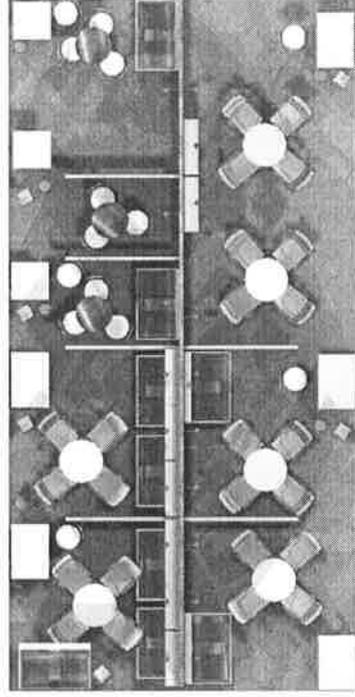

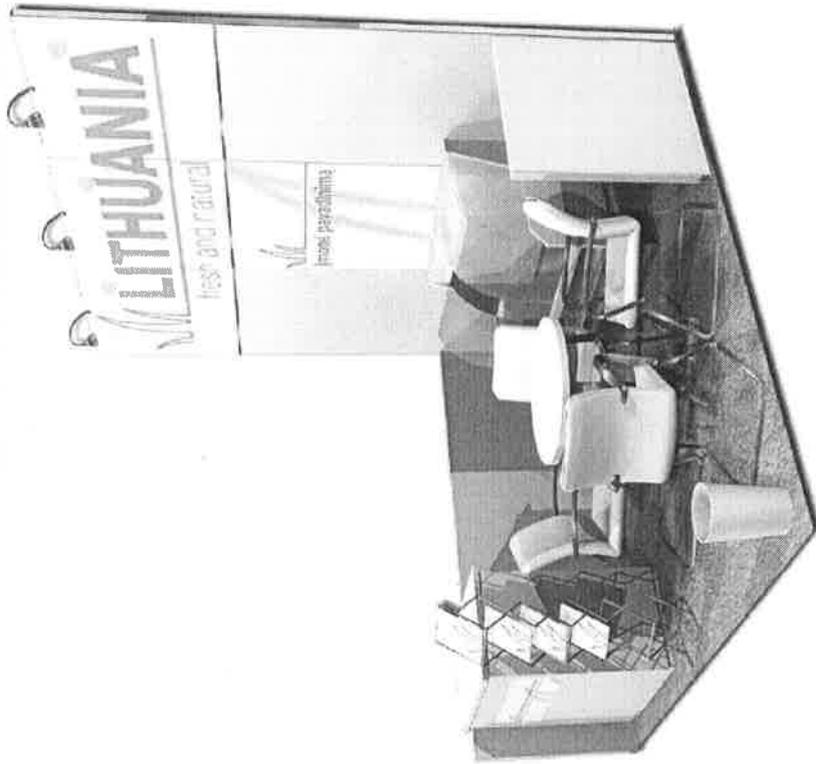

*We are in the rendering process!**

***Note:** Renderings are property of turbonoodle.com in this phase and subject to change based on client's final expectations.
