

CLINICIAN-INSPIRED DESIGN. ENHANCED PATIENT CARE.

Non-DEHP Shiley™ neonatal and pediatric tracheostomy tubes, available with TaperGuard™ cuff*

The new Shiley™ neonatal and pediatric tracheostomy tubes feature non-DEHP material and expanded size offerings, as well as several new design enhancements.

	DESIGN ENHANCEMENT	PREVIOUS VERSION
Flange	<ul style="list-style-type: none"> ▪ Softer**, clear material on neck flange for enhanced visualization of the underlying skin and stoma site. Softer material may increase patient comfort. 	<ul style="list-style-type: none"> ▪ Opaque, white flange
Cuff	<ul style="list-style-type: none"> ▪ Low-profile (low-volume), low-pressure air-filled cuff to provide sealing, TaperGuard™ cuff technology 	<ul style="list-style-type: none"> ▪ Traditional barrel-shaped cuff
Material	<ul style="list-style-type: none"> ▪ Made with materials that do not contain DEHP 	<ul style="list-style-type: none"> ▪ Made with materials containing DEHP
Flange Eyelet	<ul style="list-style-type: none"> ▪ Raised outer eyelet portions for easier access when inserting the trach tube holder/tape tie through the flange eyelet 	<ul style="list-style-type: none"> ▪ Relatively flat profile
15 mm Connector	<ul style="list-style-type: none"> ▪ Increased length on both cuffed and uncuffed devices 	<ul style="list-style-type: none"> ▪ Approximately 2.5mm shorter than new design
Sizes	<ul style="list-style-type: none"> ▪ Additional smaller sizes as well as a range of cuffed neonatal tubes 	<ul style="list-style-type: none"> ▪ Not available in size 2.5

*Shiley™ neonatal and pediatric tracheostomy tubes with TaperGuard™ cuff are not available in all markets. Shiley™ neonatal and pediatric tracheostomy tubes with TaperGuard™ cuff is CE marked and commercially available in European Union countries. Please refer to local product labeling.

**Compared to legacy Shiley™ product

Specifications

On average, there is a 0.2-mm difference in the outer diameter of the new Shiley™ tracheostomy tubes for neonatal and pediatric patients compared with the previous version, as shown in the table below. The new product offers a consistent outer diameter for each product size across all configurations.

Shiley™ neonatal tracheostomy tubes

NEW			PREVIOUS	
Description	Product SKU	O.D.	Product SKU	O.D.
Neonatal tracheostomy tube, cuffless	2.5NEF	4.2 mm	2.5	N/A
	3.0NEF	4.8 mm	3.0NEO	4.5 mm
	3.5NEF	5.4 mm	3.5NEO	5.2 mm
	4.0NEF	6.0 mm	4.0NEO	5.9 mm
	4.5NEF	6.7 mm	4.5NEO	6.5 mm
Neonatal tracheostomy tube with TaperGuard™ cuff	2.5NCF	4.2 mm	2.5	N/A
	3.0NCF	4.8 mm	3.0	N/A
