## Scheren – Scissors

DUROTIP® Scheren mit **W**ellenschliff  
DUROTIP® **W**avecut Scissors

**W**ellenschliff  
verhindert das Herausgleiten  
des Gewebes

**W**avecut  
prevents tissue  
from slipping out

Artikel mit dem Zusatz **W**  
sind auf einer Schnittfläche  
mit Wellenschliff versehen  
(bei Bestellungen bitte an-  
geben – z.B. BC211W)

**W** directly after the  
catalog number indicates  
that the resp. item has **one**  
**serrated cutting edge**.  
(When ordering please  
indicate together with the  
catalog number e.g.  
BC211W)

MILLIMETERS

■ We can only guarantee reproducible Aesculap quality over decades thanks to the technical skill, experience and care of Aesculap's surgical instrument makers. Expertise that is responsibly and conscientiously shared with others.

### Tungsten Carbide Instruments

For our instruments with tungsten carbide inserts we use only high quality nickel-bound tungsten carbide tips, well known for their high corrosion resistance and low wear.

Instrumentams su volframo karbido įdėklais mes naudojame tik aukštos kokybės nikeliu sutvirtintą volframo karbidą, kuris gerai žinomas dideliu atsparumu korozijai ir dėvėjimuisi

### Hemostatic Forceps – Olive in the Jaw

The olive forms the transition from the working end or jaw to the "joint" of the instrument. This special design makes the jaw more elastic and the instrument less liable to break.

How do we ensure that every Aesculap instrument conforms exactly to the shape and dimensions of the master pattern? We inspect every single one!
