Company profile

CTI group is a Constellation of 3 European manufacturers of world-class quality products for the global healthcare sector. It multiplies the strength of CHIRANA T. Injecta, VITREX, and CHIRMAX companies on the global healthcare market.

CTI group is Committed To Innovation and reflects this status to daily team work and serving to customers.

CHIRANA T. Injecta, a.s. as a world producer of first-class medical products and services carries on the tradition of the medical devices production in Stará Turá. The manufacture beginnings go back to 1935 when production of glass syringes was launched. Thanks to the dynamic production programme and continuous development of new products the company has started to manufacture dispos-

able plastic syringes in 1970 followed by disposable needles in 1975. One of the most important company's achievement is dated in 1991 when the production of lancets has been established. Present product range is focused primary in the field of hypodermic syringes, needles, canulas, lancets and other medical products.

The company has implemented Quality Management System in compliance with the requirements of EN ISO 13485:2012 for the design, manufacturing, assembly, sterilization and sales. Products are accredited with CE mark in compliance with the EU Medical Device Directive 93/42/EEC.

We Supply Values for Life

Chirana® MEDOJECT®  CHIRMAX CHIRAVAC™ MEDOJECT® fine

CHIRANA® 2-part disposable syringes

According to EN, ISO standards | Quality management certified according to EN ISO 13485:2012 | CE marked

- ✓ ergonomic design, smooth flow, highly transparent barrel, tight
- ✓ black extended graduation, easy to read, double stop lines, guaranteed 0 ml position
- ✓ designed tip for best connection, double stop lines, scratch-free for glove manipulation
- ✓ available with Luer tip
- ✓ made of polypropylene/polyethylene, rubber-free
- ✓ pyrogen-free, latex-free, DEHP-free, PVC-free, non-toxic
- ✓ sterile, individually blister packed
