RAD-SURE™ Indicators

RAD-SURE™ Blood Irradiation Indicators (15 Gy and 25 Gy) are manufactured and tested by Ashland Specialty Ingredients to the highest quality standards. These Blood Indicators are suitable for irradiation greater than 0.5 MeV.

We appreciate your business and if Ashland Incorporated can be of any further assistance, please contact us. Please be assured that Ashland Incorporated continually strives to maintain the highest standards in the services and the products we supply.

Best Regards,

A handwritten signature in black ink that reads "Sean Quarles". The signature is fluid and cursive, with the first name "Sean" and last name "Quarles" clearly legible.

Sean Quarles
