

## Single Use Endoscope Mouthpiece

## ENDOSCOPE MOUTHPIECE - LIP PRESS

**OLYMPUS**, world-leading endoscope manufacturer, has designed a new single-use endoscope mouthpiece to make the endoscopy process easier and more reliable

### ■ Lip press design

Vertically enlarged center section presses against patient's lips for a better fit.

### ■ Softened material

Softened material around side holes for enhanced patient comfort.

### ■ Pre-attached strap

Strap pre-attached to one end of the mouthpiece for added convenience.

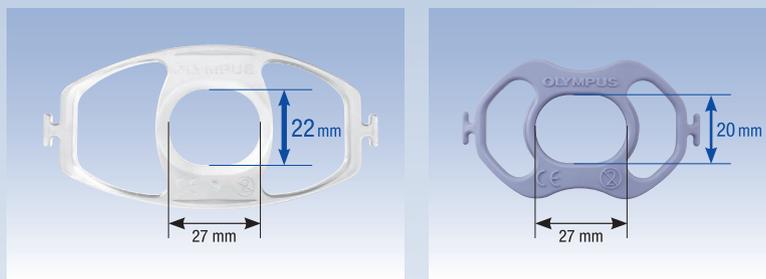

### ■ Larger side holes

Large side holes for easier finger-assists during scope and suction tube insertions.

### ■ Larger opening

Large opening (22 mm x 27 mm) to accommodate up to 60 Fr dilator.

#### Comparison with conventional model

MAJ-1632

MAJ-168 (conventional model)
