Instructions for use

Product picture	Product description	REF	Getinge order #	Country specific Getinge order#
-----------------	---------------------	-----	-----------------	---------------------------------

ProAQT Sensor

PV8810
5 pieces

6882824
1 purchase unit

6886188
1 purchase unit

The Pulsion Product Code (REF) always represents one single unit of a specific article, e.g. one ProAQT Sensor.
In general the Pulsion products can only be purchased in a certain packaging size, called 'purchase unit'.

The Getinge Order # always represents the indicated purchase unit.
For example if you order 1 unit of 6882824 you will receive 5 pieces of PV8810 (5 ProAQT Sensors).

Countries which require a country specific labeling (e.g. India, China, ...) need to order this country specific Getinge order #
List of countries can be subject of change without further notice.

NICCI Technology

Disposables & Accessories

The NICCI Technology might not be available in your country. Please contact your local SSU for details.

1 NICCI Technology

1.1 NICCI Sensors

NICCI Sensor

For non-invasive continuous advanced hemodynamic monitoring. Single use Sensors for use with NICCI Mouse and NICCI Module, allowing 72h continuous measurement.

Product description	Finger Diameter	REF	Getinge order #
NICCI Sensor S single use	13 - 17 mm	PV6550 5 pieces	6889384 1 purchase unit
NICCI Sensor M single use	16 - 22 mm	PV6551 5 pieces	6889385 1 purchase unit
NICCI Sensor L single use	21 - 28 mm	PV6552 5 pieces	6889386 1 purchase unit

1.2 NICCI Mouse

NICCI Mouse

NICCI Mouse for use with NICCI Module.

Product description	REF	Getinge order #
NICCI Mouse	PC6510	6889371

1.3 NICCI Upper Arm Cuffs

(Exemplary picture)

NICCI Upper Arm Cuffs

For automatic upper arm cuff calibration of NICCI continuous measurement.
For use with NICCI Module.

Product description	Tube length	Upper arm circumference	REF	Getinge order #
NICCI Upper Arm Cuff Tube	260 cm	N/A	PC6530	6889374
NICCI Upper Arm Cuff, S	20 cm	17 - 26 cm	PC6531	6889375
NICCI Upper Arm Cuff, M	20 cm	24 - 32 cm	PC6532	6889376
NICCI Upper Arm Cuff, L	20 cm	30 - 40 cm	PC6533	6889377
NICCI Upper Arm Cuff, XL	20 cm	38 - 46 cm	PC6534	6889378

1.4 NICCI Module

NICCI Module

NICCI Module for use with PulsioFlex Monitor.

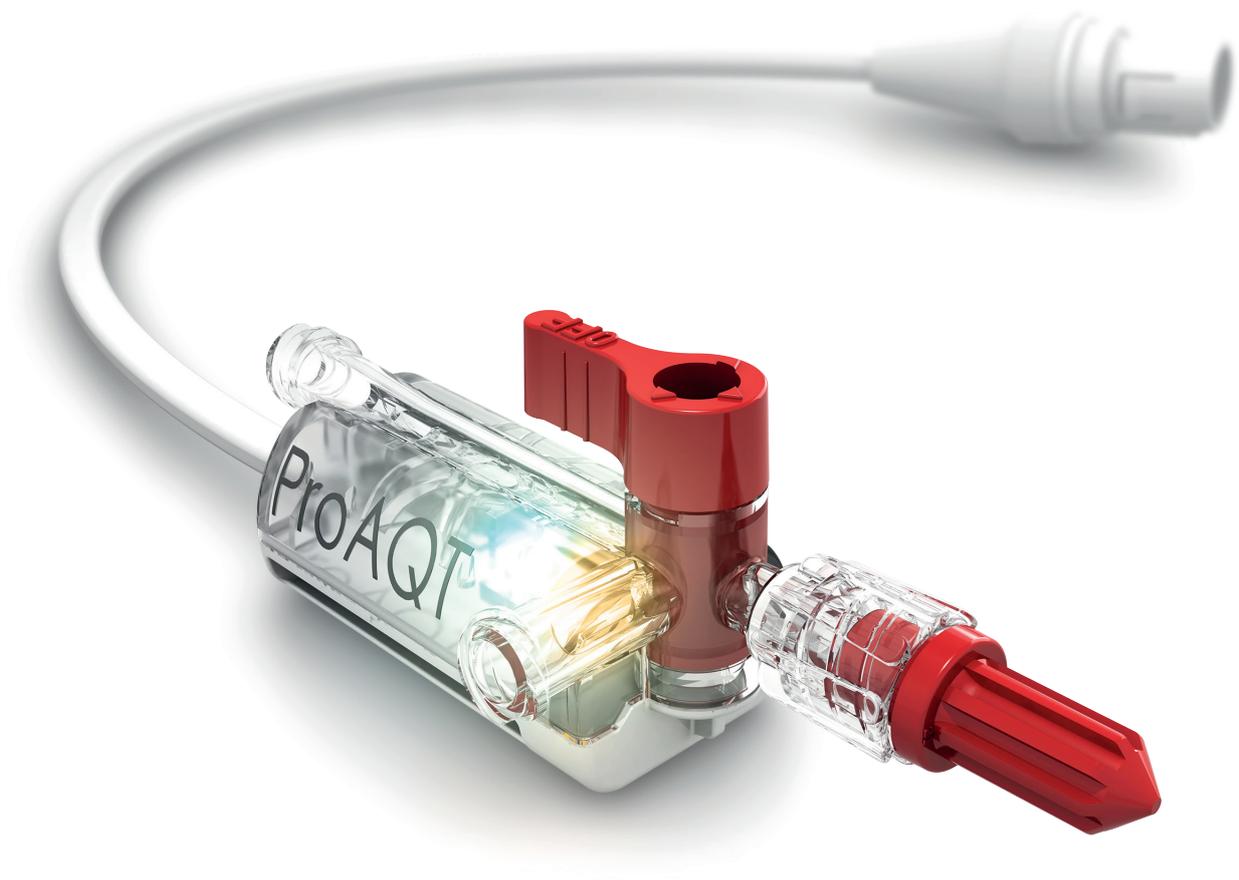

Product description	REF	Getinge order #
NICCI Module	PC6500	6889361

Please choose your language module additionally to the NICCI Module.

ProAQT Technology

Disposables & Accessories

2 ProAQT Technology

2.1 ProAQT Sensor

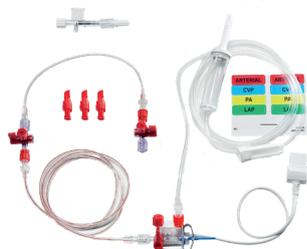

ProAQT Sensor

For cardiac output trend monitoring.

Product description	REF	Getinge order #	Country specific Getinge order#
ProAQT Sensor	PV8810 5 pieces	6882824 1 purchase unit	6886188 1 purchase unit

2.2 Monitoring Kit

Monitoring Kit

Disposable pressure transducer with flush device, pressure tubing, stopcocks and caps.

Product description	Length of pressure line	REF	Getinge order #	Country specific Getinge order#
Arterial pressure + Invasive pressure	150 cm (clear)	PV8615 5 pieces	6882822 1 purchase unit	6886186 1 purchase unit

(Exemplary picture)

2.3 Fixation Accessories

ProAQT Sensor Mounting Plate Adapter

Helps to mount the ProAQT Sensor to the Transducer Dock for:

Product description	REF	Getinge order #
Getinge , Hospira, Edwards	PMK8805 3 pieces	6882781 1 purchase unit
BD / Argon	PMK8804 3 pieces	6882782 1 purchase unit
PVB	PMK8803 3 pieces	6882783 1 purchase unit
B.Braun	PMK8802 3 pieces	6882784 1 purchase unit

ProAQT Sensor Plate Adapter

Helps to mount the ProAQT Sensor to the Transducer Dock for:

Product description	REF	Getinge order #
Utah	PMK8806	6884119

Getinge Mounting Plate

Holds Mounting Plate Adapter 6882781 and can be attached to Pole Mount 6882766.

Product description	REF	Getinge order #
Getinge Mounting Plate	PMK-37 5 pieces	6882787 1 purchase unit

Pole Mount Clamping Fixture

For Mounting Plate 6882787.

Product description	REF	Getinge order #
Pole Mount Clamping Fixture	PMK-CL	6882766

PiCCO Technology

Disposables & Accessories

3 PiCCO Technology

3.1 PiCCO Catheters

PiCCO Catheter

38.

Disposable with Luer Connector for placement via Seldinger technique. Kit includes cannulas, guide wire and dilator.

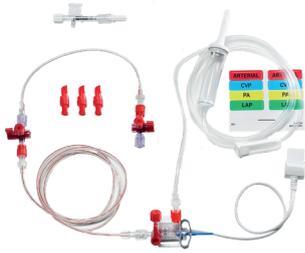

Recommended application site as listed below.

Recommended application site / Patient group	Outer diameter	Usable length	REF	Getinge order #	Country specific Getinge order#
Standard catheter Femoral artery Adults	Ø 5 French	20 cm	PV2015L20-A 5 pieces	6885049 1 purchase unit	6886148 1 purchase unit
Radial artery Adults	Ø 4 French	50 cm	-	only available as PiCCO Kit	
Cubital brachial artery Adults	Ø 4 French	22 cm	PV2014L22-A 5 pieces	6885047 1 purchase unit	6886147 1 purchase unit
Femoral artery Adults	Ø 4 French	22 cm	PV2014L22-A 5 pieces	6885047 1 purchase unit	6886147 1 purchase unit
Proximal brachial artery Adults	Ø 4 French	16 cm	PV2014L16-A 5 pieces	6885046 1 purchase unit	6886146 1 purchase unit
Femoral artery Small adults	Ø 4 French	16 cm	PV2014L16-A 5 pieces	6885046 1 purchase unit	6886146 1 purchase unit
Axillary artery Adults	Ø 4 French	8 cm	PV2014L08-A 5 pieces	6885045 1 purchase unit	6886145 1 purchase unit
Femoral artery Children	Ø 4 French	8 cm	PV2014L08-A 5 pieces	6885045 1 purchase unit	6886145 1 purchase unit
Femoral artery Children & infants	Ø 3 French	7 cm	PV2013L07-A 5 pieces	6885044 1 purchase unit	6886144 1 purchase unit
Axillary artery Small adults	Ø 3 French	7 cm	PV2013L07-A 5 pieces	6885044 1 purchase unit	6886144 1 purchase unit

3.2 Monitoring Kits

Monitoring Kit

38.

Disposable pressure transducer with flush device, pressure tubing, stopcocks and caps.

(Exemplary picture)

Measurement	Kit includes		Length of pressure line	REF	Getinge order #	Country specific Getinge order#
	Pressure Transducer	Injectate Temperature Sensor Housing 6882773				
Arterial pressure	1	1	150 cm (red)	PV8215 5 pieces	6882817 1 purchase unit	6886184 1 purchase unit
Arterial pressure + CVP offline*	1	1	150 cm (red) 120 cm (blue)	PV8215CVP 5 pieces	6882820 1 purchase unit	6886534 1 purchase unit
Arterial pressure + CVP online**	2	1	150 cm (red) 150 cm (blue)	PV8215-2 5 pieces	6882818 1 purchase unit	6886185 1 purchase unit
Arterial pressure + Invasive pressure	1	-	150 cm (clear)	PV8615 5 pieces	6882822 1 purchase unit	6886186 1 purchase unit
Arterial pressure	1	1	30 cm (red)	PV8203 5 pieces	6882815 1 purchase unit	6886183 1 purchase unit

*Discontinuous CVP measurement possible by switching to CVP pressure line

** Continuous CVP measurement possible via second transducer with CVP pressure line

3.3 Injectate Temperature Sensor Housing

Injectate Temperature Sensor Housing

Included in Monitoring Kit:
6882817; 6882820; 6882818; 6882815

Product description	REF	Getinge order #	Country specific Getinge order#
Injectate Temperature Sensor Housing	PV4046 10 pieces	6882773 1 purchase unit	6886187 1 purchase unit

3.4 Monitoring Kits Accessories

Getinge Mounting Plate

For Pressure Transducer 68828XX (can be attached to Pole Mount 688276).

Product description	REF	Getinge order #
Getinge mounting plate	PMK-37 5 pieces	6882787 1 purchase unit

Pole Mount Clamping Fixture

For Mounting Plate 6882787.

Product description	REF	Getinge order #
Pole Mount Clamping Fixture	PMK-CL	6882766

PiCCO Module for PulsioFlex Monitor

Included Accessories:

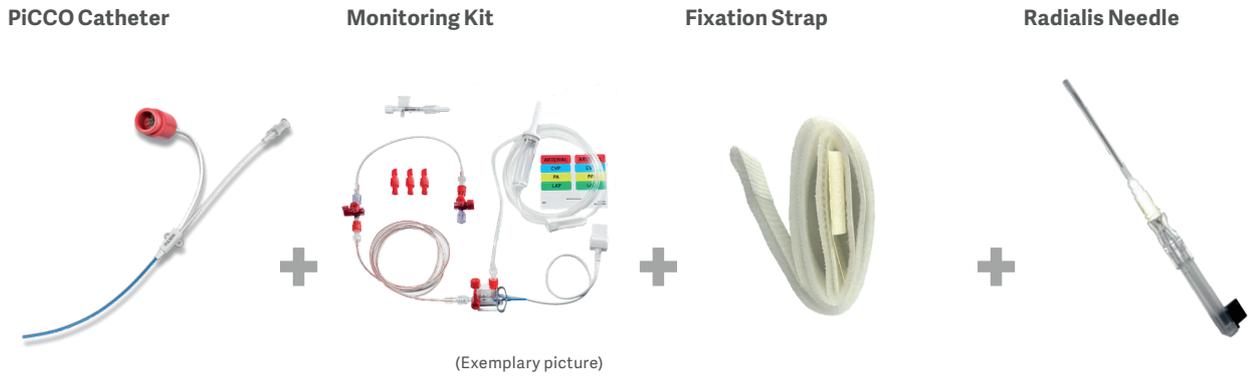

- Injectate Sensor Cable 6882741
- Arterial Connection Cable 6882742
- 2x Pressure Connection Cable 6882743
- 2x Pressure Output Adapter 6882745

Product description	REF	Getinge order #
PiCCO Module	PC4510	6882748

3.5 PiCCO Kits

PiCCO Radialis Kit consists of:

Additional information about the PiCCO Catheter see chapter 3.1; page 11
 Additional information about the Monitoring Kits see chapter 3.2; page 12

Components	Product Description	REF	Getinge order #	Country specific Getinge order#
PiCCO Catheter	Ø: 4 French Usable length: 50 cm	PV2014L50-A 5 pieces		
Monitoring Kit	Pressure transducer & 30 cm Arterial Pressure Line; Injectate Temperature Sensor Housing (6882773)	PV8203 5 pieces	6885059 1 purchase unit	6886153 1 purchase unit
Fixation Strap	/	PMK-VS 5 pieces		
Radialis Needle	20G x 3.81cm	DK00148 5 pieces		

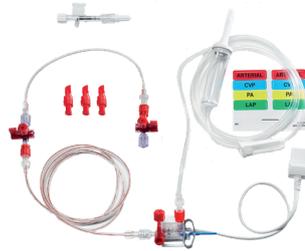

3.5 PiCCO Kits

PiCCO Kits consists of:

PiCCO Catheter

Monitoring Kit

Additional information about the PiCCO Catheter see chapter 3.1; page 11

Additional information about the Monitoring Kits see chapter 3.2; page 12

38.

CeVOX Technology
Disposables & Accessoires

4 CeVOX Technology

4.1 CeVOX Probes

Fiberoptic Probes

Disposable CeVOX Fiberoptic Probes for use with CeVOX Module. Enables continuous monitoring of central venous oxygen saturation in the superior vena cava (access via standard central venous catheter).

Please see IFU for recommended application.

Product description	Usable length	REF	Getinge order #	Country specific Getinge order#

- Included Accessory:
- LiMON Sensor 6882790

Product description	REF	Getinge order #
LiMON Module	PC5140	6882791

LiMON Sensor for LiMON Module

Included in initial shipment of LiMON Module 6882791.

Product description	REF	Getinge order #
LiMON Sensor	PC51200	6882790

5.2 Expansion Modules

PiCCO Module for PulsioFlex Monitor

Included Accessories:

- Injectate Sensor Cable 6882741
- Arterial Connection Cable 6882742
- 2x Pressure Connection Cable 6882743
- 2x Pressure Output Adapter 6882745

Product description	REF	Getinge order #
PiCCO Module	PC4510	6882748

NICCI Module for PulsioFlex Monitor

Product description	REF	Getinge order #
NICCI Module	PC6500	6889361

NICCI Mouse for NICCI Module

Product description	REF	Getinge order #
NICCI Mouse	PC6510	6889371

NICCI Upper Arm Cuffs

For automatic upper arm cuff calibration of NICCI continuous measurement.
For use with NICCI Module.

(Exemplary picture)

Product description	Tube length	Upper arm circumference	REF	Getinge order #
NICCI Upper Arm Cuff Tube	260 cm	N/A	PC6530	6889374
NICCI Upper Arm Cuff, S	20 cm	17 - 26 cm	PC6531	6889375
NICCI Upper Arm Cuff, M	20 cm	24 - 32 cm	PC6532	6889376
NICCI Upper Arm Cuff, L	20 cm	30 - 40 cm	PC6533	6889377
NICCI Upper Arm Cuff, XL	20 cm	38 - 46 cm	PC6534	6889378

5.3 Fixation Accessories

Universal Mounting Arm for PulsioFlex Monitor

PulsioFlex - Fixation Accessory

Product description	REF	Getinge order #
Universal Mounting Arm	PC85235	6882785

Post Rail Clamp for VESA mounting

PulsioFlex Fixation Accessory for VESA Mounting.
Also suitable for PiCCO₂.

Product description	REF	Getinge order #
Post Rail Clamp for VESA mounting	PC85232	6882894

Wall Mounting Arm for PulsioFlex Monitor

PulsioFlex Fixation Accessory for mounting the PulsioFlex Monitor to horizontal standard bar (24cm).

Product description	REF	Getinge order #
Wall Mounting Arm	PC85233	6882895

Mounting Kit for PulsioFlex Monitor

Included in initial shipment of PulsioFlex 6882747
Includes:
- Baseplate
- Screws

Product description	REF	Getinge order #
Mounting Kit	PC4180	6882786

Cart for PulsioFlex Monitor

Also suitable for PiCCO₂.

Product description	REF	Getinge order #

USB to RS232 converter	PC40USB_RS232	6882788

PulsioFlex Case

Robust case to transport and store the PulsioFlex Device and accessories.

Product description	REF	Getinge order #
PulsioFlex Case	PC4070	6882896

5.4 Cables

Power cord

Included in initial shipment of PulsioFlex 6882747.

Product description	REF	Getinge order #
Power Cord	40109X (X=country specific number)	Country specific order number available upon request*

Arterial Connection Cable

For connecting the temperature sensor of the PiCCO Catheter to the device.
Included in initial shipment of PiCCO Module 6882748.

Product description	REF	Getinge order #
Arterial Connection Cable	PC80150*	6882742*

Injectate Sensor Cable

For clamping to the Injectate Temperature Sensor Housing 6882773.
Included in initial shipment of PiCCO Module 6882748.

Product description	REF	Getinge order #
Injectate Sensor Cable	PC80109*	6882741*

Pressure Output Adapter

For transferring the pressure signal from the PiCCO Module to an external device.
2 pieces included in initial shipment of PiCCO Module 6882748.

Product description	REF	Getinge order #
Pressure Output Adapter	PC85200*	6882745*

Pressure Connection Cable

For connecting the pressure transducer to the device.
2 pieces included in initial shipment of PiCCO Module 6882748.

Product description	REF	Getinge order #
Pressure Connection Cable	PMK-206*	6882743*

*Also suitable for PiCCO₂

5.4 Cables

ProAQT Sensor Cable

Included in initial shipment of PulsioFlex 6882747.

Product description	REF	Getinge order #
ProAQT Sensor Cable	PC45810-300	6882750

5.5 Pressure transfer cables to third party monitors

Pressure Cable for Dräger

(7 pins / 10 sockets)

Connects S400/S700/S900/S1200 pressure transducer cables (with 10-pin orange connectors) to Infinity configured monitors with 7-pin shield input connectors.

Product description	REF	Getinge order #
Pressure Cable for Dräger	PC80211	6882762

Dräger IBP Y-adapter

(16 pins / 10 sockets)

For use with Infinity Delta / Kappa / Delta XL / Gamma XXL / SC 7 / 9XL monitors for transducer cables with 10-pin connectors. Cannot be used simultaneously with HemoMed pod.

Product description	REF	Getinge order #
Dräger IBP Y-adapter	PC80213	6882764

Pressure Cable for Dräger & Siemens

(10 pins)

DRÄGER: Infinity series, Kappa (requires IBP Y-cable PC80213)

SIEMENS: Axiom Sensis XP (with Hemopod), Sirecrust 400 / 630 / 700 / 960 / 961 / 1241 / 1280 / 1281, Gamma XL*, Vista XL*, SC 6000* / 6002* / 6002 XL* / 6802 XL* / 7000 / 8000 / 9000 / 9000 XL, Delta, Delta XL

*(requires IBP-Adapter PC80211) |

Product description	REF	Getinge order #
Pressure Cable for Dräger & Siemens	PMK-203	6882752

5.5 Pressure transfer cables to third party monitors

Pressure Cable for Philips, Mindray & HP

(12 pins)

Philips: Intelli Vue, CMS

Mindray: Beneview T5 / T6 / T7 / T8

HP: All monitors model # XX, MXXXXA, M1006A - BPM Module, M1006B

Product description	REF	Getinge Order #
Pressure Cable for Philips, Mindray & HP	PMK-206	6882743

Pressure Cable for Nihon Kohden

(5 pins)

Lifescope/BSM: 1100 series, 2100 series, 2300* series, 3100 series, 4100* series, 5100* series, 7100 series, 7200 series, 8300 series, 8500 series, 8800 series, 9500* series

Lifescope/BSS: 9800* series

Lifescope/OEC: 6000 and 7000 series

Lifescope/OMP

*(requires adapter cable 6885140)

Product description	REF	Getinge order #
Pressure Cable for Nihon Kohden	PMK-225	6882758

Pressure Cable Adapter for Nihon Kohden

(5 sockets)

Adapter for 6882758 to new Nihon Kohden Monitoring.

Product description	REF	Getinge order #
Pressure Cable Adapter for Nihon Kohden	PMK-225AD	6885140

Pressure Cable for GE

(6 sockets)

3100 series, 3124 A-F

Product description	REF	Getinge order #
Pressure Cable for GE	PMK-204	6882753

Pressure Cable for GE

(11 pins)

GE: All monitors use same cable (except for discontinued)

Product description	REF	Getinge order #
Pressure Cable for GE	PMK-236	6882759

5.5 Pressure transfer cables to third party monitors

Pressure Cable for Datex (-Ohmeda)

(10 sockets)

AS/3, AS/5, ESTP Module, CC-104, Cardio-Cap CM-104, Cardio-Cap I & II, Cardio-Cap V

Product description	REF	Getinge order #
Pressure cable for Datex (Ohmeda)	PMK-217	6882757

Pressure Cable for Spacelabs & Dixtal

(6 pins)

Spacelabs: 300, 400 500 600 Alpha 7, Alpha PC, 90402, 90403, 90470, 90496*, 91496*, PC Express, 700 Surgical Series, Tel/Vitatek, Scout TPC

*(require Spacelabs 700-0028-00 rectangular jumper cable)

Product description	REF	Getinge order #
Pressure Cable for Spacelabs & Dixtal	PMK-208	6882755

PiCCO₂

Monitoring Platform Accessories

6 PiCCO₂

PiCCO₂ Monitor discontinued
 Additional accessories see
 PulsioFlex chapter 5.3; page 25

6.1 Expansion Modules

CeVOX Module for PiCCO₂

Product description	REF	Getinge order #
CeVOX Module	PC3015	6882792

LiMON Module for PiCCO₂

Included Accessory:
 - LiMON Sensor 6882790

Product description	REF	Getinge order #
LiMON Module	PC5100	6882789

LiMON Sensor for LiMON Module

Included in initial shipment of LiMON Module 6882789.

Product description	REF	Getinge order #
LiMON Sensor	PC51200	6882790
