## Snap-On Spherz® Passive Retro-Reflective Markers

### Passive Reflective Markers For Wireless Tracking

Our sterile reflective markers transform and enhance workflow during image-guided surgical procedures. Providing auto-registration and localization of anatomical structures, Spherz® allow you to wirelessly track the position and orientation of any device from the frame of reference. While Spherz® are small, they can have a significant impact on O.R. efficiency and improve patient care. Moreover, their unique visibility under both X-Ray & CT provide for added safety.

#### Product Benefits

- Ready-to-use sterile markers
- Disposable, one-time use
- Wireless tracking of any device or object
- Aids auto-registration and localization of anatomical structures
- All Spherz® are visible under X-Ray & CT for added safety

p.d. 47 ir 48.

produktas supakuotas po 1 vnt.; po 4vnt.

#### Product Specifications ✓ ✓

- Available in packages of 1, 3, 4, 5, 9, 20, 12, 25, 30, 35, 48, or 60
- Shipped in protective, plastic clamshell

\*Medtronic® and StealthStation® are registered trademarks of Medtronic, Inc. Medtronic does not endorse nor is affiliated with IZI Medical Products.

Manufactured in the U.S.
