Subject: Notification of Code addition – Radifocus Guide Wire M

Dear,

With this letter we would like to inform you that to ensure business continuity of our Radifocus Guide Wire M, additional codes manufactured in TC – Ashitaka Factory and Terumo Vietnam Corporation will be available.

As these codes are already in scope of the current Declaration of Conformity's item code matrix, there is no update on the applicable documents.

In Annex I you will find the full list of codes manufactured by both TC – Ashitaka Factory and Terumo Vietnam Corporation.

Please note: Not all codes might be available for order in your Country/Region, for any specific questions on codes availability please contact the Product Manager.

Regarding this code addition, we would like to ask your support to perform the necessary actions in your country(ies). In case additional documents might be needed please share the list with us by mail.

Thank you for taking the time to take the necessary actions, and for sharing with us the confirmation once the actions are completed.

Should you need more information, please do not hesitate to contact me.

Thank you in advance

Best regards,

Valeria Piattelli

Valeria Piattelli
Regulatory Affairs Specialist
Terumo Europe N.V.

Annex I– List of codes.

Item codes manufactured in Terumo Corporation – Ashitaka Factory
