Primary colours

The Primary colours for the Turkish Airlines EuroLeague brand are Orange and Black. These should be used wherever possible, in the ratio outlined on page 10.

They have specifically chosen and great care should be taken to maintain brand impact and integrity by always checking the appropriate colour values are correct across all online and printed materials.

Secondary & tertiary colours

Grey is used as a secondary colour to compliment the primary colours. Purple should be used sparingly as a highlight or accent colour; e.g. infographics, charts and other more complex outputs.
