Technical features

Raw material: Polypropylene.

Temperature range: -10°C / + 120°C.

These slides mailers are ideal for the dispatching or storage of small quantities of slides. Thanks to the thickness of the walls, slides are fully protected from accidental breakage. In the slides mailer with screw cap (code 44-13061), the slide protrudes about 20 mm from the superior board: so, it could be easily extracted.

Bendrosios savybės

Šios dėžutės yra idealūs mažiems objektyvinių stikliukų kiekiams išsiųsti ar laikyti. Dėl sienų storio stikliukai yra visiškai apsaugoti nuo atsitiktinio lūžio. Stikliukų dėžutėje su užsukamu dangteliu (kodas 44-13061) jie išsikiša apie 20 mm nuo viršutinės plokštės: taigi, juos bus galima lengvai ištraukti
