11010 AIREX CORONELLA 185

Mats for physiotherapy, rehabilitation, massages and chirotherapy. The Airex mat ensure an excellent shock-absorbing effect. Each cell acts as a small air cushion. A safe and comfortable posture is the key to success in a program of therapeutic activities. Airex mats feature a special closed-cell foam and ensure bacteria and fungi developing prevention. They do not soak up water, nor absorb humidity or dust.

The choice of AIREX professional products is based on the assessment of the characteristics that ensure they are:

- Warm and comfortable to touch
- Easy-to-clean: they can even be soaked in water
- Compact, non-slip, thin
- Durable and resilient: they can bear any kind of stress
- Shock-absorbing – in spite of their reduced thickness to provide great stability in balance exercises
- Extremely lightweight and flexible, easy to roll up and store away
- Impermeable: closed-cell structure
- CE mark compliant (93/42/EC)

CAUTION: due to the particular manufacturing process, the mattress measures may differ slightly from those stated here, especially in the length direction.

11.2. „Airex“ kilimėliai pagaminti iš specialių uždarytų porų putų, kurios apsaugo nuo bakterijų ir grybelių dauginimosi.
