Subject: Confirmation of Sole Distributor Status and Warranty Terms

To whom it concerns,

On behalf of Vernier, I am pleased to confirm that UAB "Science Technologies" / UAB "Mokslo technologijos" is the sole authorised distributor of Vernier products within the Republic of Lithuania. As our exclusive representative, UAB "Mokslo technologijos" is fully empowered to perform product repairs, recalibrations, and maintenance services in accordance with Vernier's technical standards and quality requirements. In addition, Raimundas Miglinas is trained and certified for training on how to use Vernier products.

Additionally, I wish to reaffirm that all Vernier-branded products carry a comprehensive warranty of 60 months (5 years) from the original date of purchase. This warranty covers manufacturing defects, assuming proper use and care, and ensures that our customers continue to receive the highest level of support and product reliability. Warranties exclude cells with a limited working life, batteries, and electrodes.

We value our long-standing relationship with UAB "Mokslo technologijos" and trust that this confirmation will assist you in communicating our mutual commitments to customers and stakeholders within the Lithuanian market. If you require any further information or clarification, please do not hesitate to contact me.

Sincerely,

Vincent English
CEO
