### CUSTOM/MATCH FINISHES

Looking for a specific color to match an existing wall or color pattern? No problem. Murdock has the unique ability to match all Drinking Fountains, Water Coolers and Bottle Fillers to any Pantone® color swatch. Color match your unit so that you don't have to design your space around it... make it a part of the room!

# Water Coolers

### A171 Series - Enhanced Design

#### FEATURES & BENEFITS (for A171)

- 1 Self-contained and vandal resistant with front anti-microbial push button activation or stainless steel
- 2 Flexible, anti-microbial non-squirt bubbler delivers 0.3 GPM flow or stainless steel
- 3 Heavy-duty stainless steel
- 4 ADA compliant
- 5 Auto-stop allows cartridge and strainer service without shutting off water

### THE BENEFITS OF STAINLESS STEEL

Stainless steel offers many benefits, including:

- Excellent durability
- Aesthetic appeal
- Easy cleaning

The material will maintain its attractive appearance for many years, providing excellent value over the life of the water cooler.
