Mute Sensor - REF 510025

Dear Sirs,

we, inomed Medizintechnik GmbH, hereby declare that the Mute Sensor for suppression of HF noise (REF 510025) provided by inomed Medizintechnik GmbH is solely compatible and approved for use with inomed C2 Xplore and ISIS IOM devices.

No other manufacturer or third-party Mute Sensors are approved and have neither been tested nor have officially been validated for use with our devices. The use of non-approved Mute Sensors may lead to adverse events which would impact patients, users and third parties. harmful and could negatively impact device functionality and procedures outcomes.

It is essential to read the instructions for use for the respective devices carefully and observe the relevant regulations before using the devices.

Best regards
