

# Ethidium Bromide Solution (10 mg/mL)

**Catalog number:** 17898

[Product overview](#) [MSDS](#) [COA](#) [FAQs](#)

## Description

Thermo Scientific Pierce Ethidium Bromide is available as a concentrated (10 mg/mL) solution to accommodate most molecular biology applications for fluorescent DNA visualization.

Features of Ethidium Bromide Solution:

- A safe and convenient way to use ethidium bromide, while minimizing exposure

### Related Products

[Ethidium Bromide Solution \(0.625 mg/mL\)](#)

## Specifications

Target Molecule:	DNA, RNA
Label or Dye:	Ethidium bromide
Detection Method:	Fluorescent
Detection Location:	In-Gel Detection
Product Size:	5 x 10 mL

## Contents & storage

Store at room temperature, protected from light.
