1A6543	Super fine, 10.2 cm length	1A6543-S	Super fine, 8 cm length
1A6544	Extra-thin and extended, 10.2 cm length		

Packing: 100 pcs/bucket, 10 buckets/box, 20 boxes/Case

NEW

MICRO APPLICATOR DISPENSER

- New durable design, slight screw
- Faster, effective and save time
- Deliver applicator accurately, one at a time
- Helps eliminate cross-contamination

Ref.	Description	Pcs / Box
1A6546	Screw Type	1

BRUSH APPLICATORS

Ref.	Description
1A6550	Yellow
1A6551	Green
1A6552	Blue
1A6553	Red

- Flexible and bendable to reach all areas, come with 4 different attractive colors
- Packing: 144 pcs / box, 100 boxes / case

TWIN ENDS DISPOSABLE BRUSH

Ref. 1A6555

- Save cost and time, double-ended
- Snap-apart handle, easy for use

COMPOSITE BRUSH AND REPLACEABLE TIP

- Made of rigid plastic to withstand repeated autoclaving
- Tip can be replaced, save the cost

Bohrer-Reinigungsbürsten

Messingdraht, gewellt / Nylonfaser

Burs cleaning brushes

crimped brass wire / nylon filament

39. P.D.

Zum groben Vorreinigen von Bohrern, Fräsern und Instrumenten aller Art. Der gewellte Messingdraht greift die Instrumente-Oberflächen nicht an. Auch Nylonbesatz ist möglich: für eine besonders materialschonende und trotzdem effiziente Reinigung.

Intended for the rough pre-cleaning of drill holes, mill cutters and instruments of all kinds. The crimped brass wire does not attack the instrument surfaces. Even nylon heads are possible: for a particularly careful yet efficient cleaning.
