date: 2019-02-11

TD-38

amendment of: 2023-02-01

MANUFACTURER: ZARYS International Group sp. z o.o. sp.k.

ADDRESS : ul. Pod Borem 18, 41-808 Zabrze, Poland, phone +48 32 376 07 00-02, fax. +48 32 370 38 08

INDICATION:

- device designed for evacuating secretions and body fluids from the operating field in general surgery

FEATURES:

- cannula with ball tip with four side holes and one central opening
- transparent handle and suction tip allow for observation of secretion being removed
- light handle to minimize hand fatigue
- smooth inner surface prevents secretions and body fluids from blocking the cannula
- ergonomically-shaped suction cannula consists of a plastic handle and suction tip
- bent in two points at a slight angle
- universal stepped connector ensures tight connection with a wide range of suction connecting tubes
- available with or without suction control
- single-use
- sterile - ethylene oxide sterilized
- shelf life: 5 years
- double packaging: internal – foil, external – paper-foil
