

# Falcon® Round-Bottom Tubes

- Widely used and referenced in laboratory protocols
- Dual position snap-cap prevents sample loss with ease of handling
- Sterile, nonpyrogenicity tested to less than 0.1 EU/mL

**Sterile tube with cell-strainer cap**  
Designed for flow cytometry applications, the 12 x 75 mm tube with cell strainer cap (Cat. No. 352235) offers a convenient way to prepare laboratory samples. A 35 µm nylon mesh is incorporated into the tube cap, which can be used to collect the dissociated sample for downstream processing in instruments.

**White graduations on 14 mL polypropylene tubes**  
Falcon brand 14 mL polypropylene tubes feature white printed graduations rather than traditional molded-in graduations. Easy-to-read markings and a solvent-resistant writing patch provide further convenience in use.

## The foundation for consistent research results

- Provide reliable containment of laboratory fluid samples
- Widely referenced in published procedures and protocols
- Polypropylene tubes are best suited for applications requiring greater thermal and chemical stability
- Polystyrene tubes are best suited for procedures requiring high optical clarity
- Dual-position snap caps, heavier gauge walls, and unique construction provide a secure, positive seal
- Medical-style packaging materials

## Tips

- Tubes with more consistent inner tolerance, such as the Falcon 5 mL round-bottom tubes, reduce maintenance and wear of the Bal Seal O Ring resulting in less down time and costly repairs of valuable instruments.

### High-clarity Polypropylene Round-Bottom Tubes

- 3000 RCF rating\*
- 17 x 100 mm tubes have printed graduations and white writing patch
- Tube dimensions and volumes are approximate

| Cat. No. | Size (mm)         | Volume (mL) | Cap               | Qty/Pk | Qty/Cs |
|----------|-------------------|-------------|-------------------|--------|--------|
| 352063   | 12 x 75           | 5           | Snap              | 25     | 500    |
| 352053   | 12 x 75           | 5           | None              | 125    | 1000   |
| 352002   | 12 x 75           | 5           | None (nonsterile) | 100    | 1000   |
| 352006   | 17 x 100, printed | 14          | Snap              | 1      | 500    |
| 352059   | 17 x 100, printed | 14          | Snap              | 25     | 500    |
| 352018   | 17 x 100 printed  | 14          | None              | 125    | 1000   |

### Polyethylene Snap Caps

- Dual position snap cap, offering vented as well as fully closed options
- Sterilized by gamma irradiation
- For use with both polystyrene and polypropylene tubes

| Cat. No. | Description          | Qty/Pk | Qty/Cs |
|----------|----------------------|--------|--------|
| 352032   | For 12 x 75 mm tubes | 500    | 2000   |

### Tips

- Racks for 15 mL Falcon Conical Tubes are also ideal for upright storage of Falcon 17 x 100 mm Round-Bottom Tubes.
- Expanded polystyrene racks are not recommended for storage below 0°C.
