FILMOP USA

Industrial Cleaning Equipment

2010

General Catalog no. 3

Filmop was founded in the early nineteen seventies for the specialized production of manual equipment and common tools for the industrial cleaning sector. *Filmop* distributes its products through a wide range of specialized dealers all over the world in Europe, the United States, Canada, South America, Africa, the Middle East, and Asia. Today, *Filmop* is one of the **leading companies** in the sector and capable of offering the most complete range of products that have been widely well accepted thanks to their unquestionable **quality** and exceptional **reliability**. *Filmop* produces mops, string mops, frames, multi–use carts, differentiated waste collection bins, and window cleaning equipment.

The primary objectives for *Filmop* today are:

To lead the industry in the quality level of its products.

To create closer cooperation and confidence with its dealers for better understanding of the needs of the end users.
