

LUMBAR DRAINAGE CATHETER KIT II

The CODMAN Lumbar Drainage Catheter Kit II consists of a lumbar catheter 80cm in length with a closed tip and side holes to allow for drainage without clogging. A Teflon-coated precoiled steel guide wire with an adjustable stop is also included. This kit includes a 14-gauge Touhy needle with a clear plastic flash back chamber, centimeter markings, and wings for leverage and ease of use. A female luer lock connector and suture clips made of soft silicone allow for easy connection and attachment to patient.

80cm Radiopaque Catheter

Drainage hole pattern with enlarged hole diameter

100cm guide wire with dispenser

14 gauge Touhy needle with 1cm depth markings
