Endo-Surgery

EES is part of the Johnson & Johnson Family of Companies. We not only represent a history of innovation, but a rich tradition of patient care that begins with our parent company, Johnson & Johnson.

The mission of EES is to improve patients' lives by developing innovative technology-based solutions that deliver superior outcomes.

- We are guided by the Johnson & Johnson Credo — putting customers first

- We are a leader within J&J Surgical Care — part of the J&J Medical Devices and Diagnostics sector

- We are recognized as an innovator in the healthcare industry

- We have touched the lives of over 17 million patients worldwide over the past five years

Strong on Sealing. Gentle on Tissue.

For your open procedures, the new ENSEAL® G2 Super Jaw Tissue Sealer brings a new level of confidence and consistency to sealing large vessels up to 7mm.

The next generation ENSEAL® technology delivers sealing advancements:

• **Strong:** Seals vessels with seal strength that withstands up to seven times normal systolic pressure[1]

• **Complete:** Delivers high uniform compression throughout the 40mm curved tip[2]

• **Contained:** Provides minimal lateral thermal spread approximately 1mm, secure tissue grasping and minimal sticking

For more information, contact your
Ethicon Endo-Surgery Sales Professional or call **1-800-USE-ENDO.**

Many procedures are complex. This one is simple.

The new Ethicon Endo-Surgery Generator combines advanced technology, multifunctionality and touchscreen simplicity in one easy-to-operate unit that supports current and future HARMONIC® and ENSEAL® devices.

- Technology platform to support current and future HARMONIC® and ENSEAL® devices
- Touchscreen for fast and easy setup, operation and onscreen diagnostics
- High resolution display with wide viewing angles
- Software updates via USB memory stick

For more information, contact your
Ethicon Endo-Surgery Sales Professional or call **1-800-USE-ENDO.**

New ENDOPATH® XCEL™ with OPTIVIEW® Technology

reduces smudging during scope reinsertion more effectively than any other trocar.*

With the addition of NEW OPTIVIEW® Technology you'll notice:

• Less fluid in the trocar seals
• Reduced smudging during scope reinsertion
• Fewer interruptions to reclean the scope

Stapling

How much unintentional tip movement does your endocutter have when firing?

Introducing the gold standard in stablilty: The NEW ECHELON FLEX™ Powered ENDOPATH® Stapler

Allows the surgeon to reduce movement at the end effector by at least 63% during transection of thick tissue*

- **Reduces unwanted movement** of the distal tip to protect targeted tissue and surrounding fragile organs and tissue from damage

- **Results in smooth, consistent firing** even in thick tissue and at awkward angles

- **Reduced force to fire** leads to less movement of the tip on vital structures, potentially resulting in less trauma

See for yourself what a difference the new Powered Echelon Flex™ Stapler can make in your procedures.
Visit us at ethiconendosurgery.com/poweredechelonflex

*Benchtop testing on porcine stomach (2.5mm to 4mm thick). Surgeons (n=19) fired each instrument/reload once: PSE60A/ECR60G, 030449/030459 and EGIAUSTND/EGIA60AMT. Distal tip motion measurement during the firing cycle showed a 63% reduction in tip movement of PSE60A/ECR60G vs the other two devices.

Reach Deeper, See Better[1]

Contour® Curved Cutter Staplers.

- Features **simultaneous stapling and cutting**.
- Delivers **four curvilinear rows of staples with a single cut**.
- Unique curved-head design lets you **access the lower pelvis and enhances your visibility** of the targeted area.
- A single device may be used to **fire up to six times** in a single procedure
- Offers an indication for **skeletal muscle,** including steps to use for **muscle stapling** in below- and above-knee amputations and sarcoma cases.

[1]Unique curved-head design gives lower pelvic access than 30mm linear staplers (PI30) and enhanced visibility (of anatomic structures). Data on file at EES.

The enhanced Ligamax™5. Superior clip security*

5mm wide. 10mm good.

- **Delivers the same security** of medium/large clips in a small clip applier
- Your patients will appreciate all of the benefits of a **smaller incision**

That's why it's the market-leading 5mm clip applier
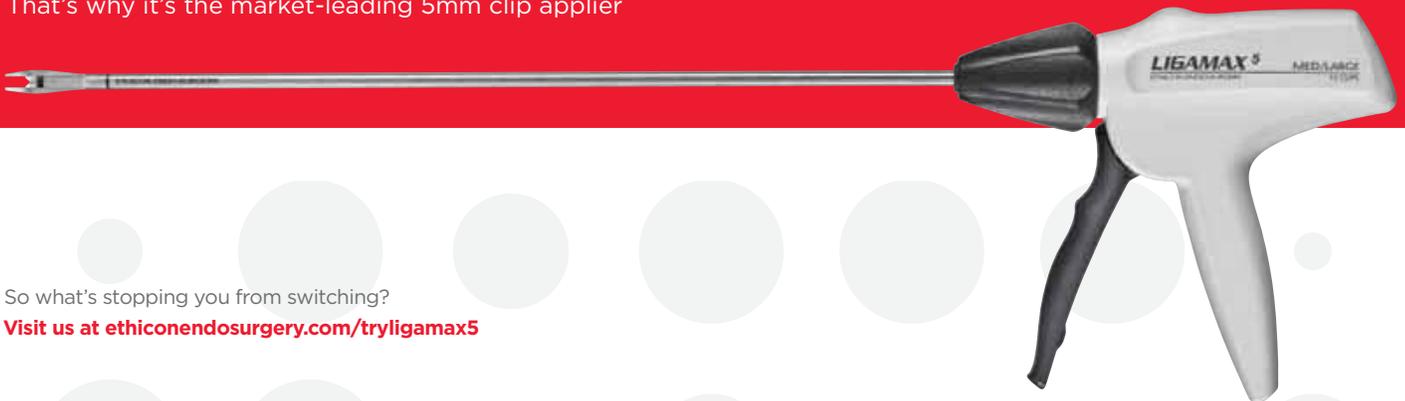

So what's stopping you from switching?

Clinically Proven to Deliver Patient Success

Streamlined, precurved design with an expanded adjustment range.

- REALIZE® Adjustable Gastric Band-C shares the same clinically proven **high-volume, low-pressure** design as the original REALIZE® Band.
- **Largest isostatic range of adjustments available.**[1]
- **Soft, flexible, low-pressure balloon** eases placement when passed through the retrogastric tunnel.
- **First-of-its-kind sutureless tissue anchor system** is 66% stronger than sutured ports[1] and enables port placement in less than one minute, reducing procedure time up to 19%.[2]
- **REALIZE mySUCCESS™** is a unique, web-based clinical support tool to help your patients achieve long-term positive outcomes.

[1] Data on file, Ethicon Endo-Surgery, Inc.

[2] Miller and Pump. Mechanical vs suture fixation of the port in adjustable gastric banding procedures: A prospective randomized blinded study. *Surgical Endoscopy*. November, 2008.

For more information, contact your Ethicon Endo-Surgery Representative or call **1-800-USE-ENDO.**

How to Order

All product purchase orders are made to
Johnson & Johnson Health Care Systems, Inc. (JJHCS)

Electronic Ordering Options:

Note: Placing orders electronically avoids minimum order fees for hospitals.

Johnson & Johnson Gateway: **jnjgateway.com/commerce**
For questions about your order, visit the website or call 1-866-JNJ-GATE.

Global Healthcare Exchange: **ghx.com**
For questions about your order, visit the website or call 1-800-YOUR-GHX.

Electronic Data Interchange: **JJHCS EDI Help Line: 1-800-262-2888**

Nonelectronic/Manual Ordering Options:

Call **JJHCS** at **1-800-255-2500** between 8:30 a.m. and 9:00 p.m.
eastern time or fax your order to 1-732-562-2212 or 1-800-997-1122.

Customer Support Center

Business Hours: 7:30 a.m.–6:30 p.m. EST Monday–Friday
Emergency Support available 24/7
email: customersupport@eesus.jnj.com
