

Mobile racks

Cages, racks for conventional husbandry of animals

Mobile racks

Take advantage of over 50 years experience of BiosCape manufacturing of mobile racks for holding cages. Through the choice and processing of sectional tubes, in particular of the hair-pin brackets, dirt corners and unnecessary areas for dust deposits are avoided. optionally, the cage brackets are available as U-profile of edged sheet.

equipped with 4 swivel castors Ø 100 mm, 2 of which have brakes, the racks can be placed at any de-sired position. The racks are made of high quality stainless steel aisi 304. The housing of swivel castors are made of stainless steel, the wheels are optionally available as a standard or as an autoclavable version.
