LASER PROBES

Curved Laser Probe

- Precise fiber centering for accuracy
- Plastic hand piece offers superior tactile feel
- Sterile, single-use

8065750989 | 20 Gauge | 6/box

20

Flexible Tip Laser Probe

- Flexible Nitinol tip, easy insertion and removal through the cannula
- 40° bend angle provides 6.0 mm of access to the periphery retina
- Sterile, single-use

8065751113 | 23 Gauge | 6/box
8065751114 | 25 Gauge | 6/box

23 25

Straight Laser Probe

- Precise fiber centering for accuracy
- Plastic hand piece offers superior tactile feel
- Sterile, single-use

8065750990 | 20 Gauge | 6/box
8065750991 | 23 Gauge | 6/box
8065750978 | 25 Gauge | 6/box

Chang Straight Aspirating Laser Probe

- Simultaneous laser delivery and aspiration
- Reflux bulb for gentle tissue expulsion
- Sterile, single-use

8065750980 | 20 Gauge | 6/box

20

Chang Soft Tip Aspirating Laser Probe

- Soft tip design minimizes potential retinal trauma
- Simultaneous laser delivery and aspiration
- Reflux bulb for gentle tissue expulsion
- Sterile, single-use

8065750981 | 20 Gauge | 6/box

ILLUMINATED LASER PROBES

Lazerio zondai su iliuminacija

Illuminated Flex Curved Laser

Iliuminacinis Lankstus Lenktas Lazerio zondas

- Laser plus illumination in a curved-tip pro.
- Flexible nitinol tip extends from rigid tapere.
- Glass laser fiber, plastic illumination fiber
- Large tactile tip indicator
- Angle of illumination is 78°

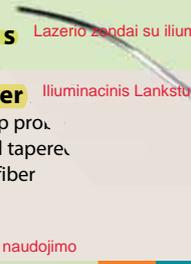

• Sterile, single-use Sterilus, vienkartinio naudojimo

Straight Illuminated Laser Probe

- Combines illumination and laser functions in one hand piece
- Permits "free hand" to perform other surgical maneuvers
- Improves peripheral endolaser capabilities, especially to the anterior
- Sterile, single-use

8065750983 | 20 Gauge | 6/box
8065750986 | 20 Gauge | 6/box

20

Curved Illuminated Laser Probe

- Illumination and laser functions available in a curved version
- Reaches more of the retina, especially in phakic eyes
- Ideal with laser is indicated with scleral buckling
- Permits "free hand" to perform other surgical maneuvers
- Sterile, single-use

8065750982 | 20 Gauge | 6/box
8065750985 | 20 Gauge | 6/box

20

Chang Curved Aspirating Laser Probe

- Simultaneous laser delivery and aspiration
- Reflux bulb for gentle tissue expulsion
- Sterile, single-use

8065750979 | 20 Gauge | 6/box
