

531500 Tongue depressor birch wood

Specifications

Article Nr.	531500
Description	Tongue depressor birch wood
Brand	Medispo

Description product group

The Medispo product range covers as well as the new Klinion Easy Care product range various single use products needed on a daily basis in hospitals, nursing homes, elderly homes and general practitioners for example. These products are designed to be easy to use and bring good value for money.

Application

With a tongue depressor the tongue can be held down when there is a clear line of sight needed in the throat.
