

Rehabilitation table PROFI 2 PLUS

The PROFI 2 Plus therapeutic table is used in beauty salons, massage parlour and physiotherapy offices. It is characterized by reinforced steel structure. The headrest of the table, with the cut-out for the face, is adjusted smoothly by means of a gas spring. PROFI 2 Plus, thanks to its robust design and reinforced frame, will with no doubt meet the requirements of every physiotherapist. The V line trim with Easy Clean system and increased abrasion resistance is standard on the PROFI 2 Plus table.
