**Single-use.** Products to meet the demands of modern ophthalmic surgical techniques.

## Delivering **innovation** in ophthalmic surgery

Sterimedix is a manufacturer of single use surgical cannula products based in the UK. With over 25 year's experience of manufacturing single-use devices, primarily for ophthalmology, the Company has a rare depth of expertise in new product development. If you have a new product idea, please don't hesitate to contact us in complete confidence.

The requirements of eye surgery place a great responsibility on the manufacturer to maintain the highest standards of quality. The regulatory environment in which the Company operates demands the best manufacturing and control standards.

This catalogue contains details of the entire Sterimedix range, including unique new products designed to work with the latest techniques, in addition to a tried and trusted portfolio of single use products for all ophthalmic procedures.

**QUALITY ASSURANCE.** Sterimedix Limited is committed to producing products of the highest quality. The company's quality systems and practices are regularly audited and have ISO 13485, ISO 9001 and CE accreditations together with United States FDA registration, and the appropriate approvals in all other markets where Sterimedix is active.
