Rev 6

The Technical File for Premier's Dental and Medical Instruments and related Accessories is held and maintained by various Suppliers / Subcontractors.

Premier Dental Products Company uses these suppliers / subcontractors to support their complete line of instruments and accessories. These suppliers / subcontractors are responsible for maintaining their own separate Technical Files for their products. They must provide information upon request by Premier Dental Products Company and or any regulatory body that needs this information to protect public safety.

The following is a list of the Suppliers / Subcontractors:

**Premier Medical (MFG) - Various Dental and Medical Instruments**

**Greatbatch - Instrument Cassettes**

**Cure Shield - Pottstown Plastics Supply of PA**

The technical files and related support documentation for these products will be made readily available to regulatory authorities such as FDA, EU Competent Authorities, CFDA, KFDA, PAL, TGA and any other regulatory body upon their official request.
