catalogue

Type	Order Number	Description	Diameter (Fr)	Length (cm)
IUI	131184	Soft	5.2	18
	131182	Intermediate	6	18
	131186	Ultimate (with built-in stylet)	6	18
	131181	Hard (with built-in stylet)	6	18

## SOFT IUI CATHETER

This soft catheter minimizes trauma to the patient.

## INTERMEDIATE IUI CATHETER

Allows for some flexibility and malleability.

## ULTIMATE IUI CATHETER

Malleable catheter that adopts the desired shape to facilitate its insertion.

## HARD IUI CATHETER

Rigid catheter with built-in stylet. Adopts and maintains the desired shape.
