# AIR-FLOW® POWDER CLASSIC

## THE POPULAR CLASSIC POWDER COMES IN SIX DIFFERENT FLAVORS

The Original AIR-FLOW® Powder CLASSIC is much more than just a mechanical cleaning powder. Gentle and selective for **professional dental cleaning** and the **removal of plaque**, this powder delivers physiological efficacy. Sodium bicarbonate is the magic word – and the gold standard for prophylaxis. Its alkaline effect of Original AIR-FLOW® Powder CLASSIC protects against tooth decay – while the osmotic effect supports the treatment of inflamed gingiva.

Cherry, Cassis, Tropical, Mint - these are the latest flavors. Fresh, fruity, pleasant. And they simply taste good. Then there is the traditional Lemon flavor. For those who prefer no flavor or suffer from allergies, Neutral is still available too. The original AIR-FLOW® Powder CLASSIC to suit personal taste – and to make prophylaxis even more pleasant.

## TUTTI-FRUTTI PACK

And for a taste of what's new, four different flavors are available in a special Tutti-Frutti pack.
